SUBJECT INDEX, 1980

A

AAAP disease report summary, 1978 532
AAAP Special Service Award, 1980 795
abnormalities, two congenital, in domestic chickens 504
Acute Death Syndrome, studies of broiler chickens 751
adenovirus
  antibodies, ELISA in detecting 393
  group II splenomegaly of chickens, incidence and distribution 591
  inclusion body hepatitis, 16 identified, in Victoria, Australia 998
  antibodies to adenovirus 127, frequency in ducks and waterfowl 91
adenovirus-associated viruses, neutralizing antibodies in chicken egg albumen 890
adrenals, turkey, effect on of *Pasteurella multocida* and temperature 844
aerosol transmission of *Pasteurella multocida*, in turkeys 1007
aflatoxin, sensitivity to, measurement in organ culture 415
Alcaligenes faecalis
  effect on immune function in turkey poults 702
  mutants vs. turkey coryza 726
  microagglutination test for antibodies in turkeys 685
  pathogenicity in specific-pathogen-free poults 665
  some properties of 82

allantoic fluid, infected, used as precipitating antigen 463
anemia agent, in chicks, interactions with infectious bursal disease 202
antibiotic treatments of eggs vs. *Mycoplasma meleagridis*, in turkeys 48, 57
antibodies, passive, interaction with infectious bursal disease virus 189
antigens, precipitating, infected allantoic fluid used 463
Anthropoides paradesea (*see* cranes)
arizonosis, eye and brain lesions in 631
Aspergillus fumigatus, antibody, serodiagnosis in migratory ducks 446
authors guidelines 295, 1067
avian
  cholera (*see* fowl cholera)
  infectious bronchitis (*see* infectious bronchitis)
  influenza (*see* influenza)
  medicine, history in USA; part 6, role of the extension veterinarian 6
  mycoplasmas (*see* mycoplasmas)
  paramyxoviruses, characterized 139
awards
  AAAP Special Service Award 795
  Upjohn Achievement Award 797
  P. P. Levine Award (formerly Research Paper Award) 798
Aythya affinis, coccidiosis in 1044

B

Baylisascaris procyonis, causing verminous encephalitis in chickens 498
Bobwhite quail, atypical histomoniasis in 510
botulism, experimental, in Pekin ducks 658
bursa of Fabricius, turkey, effect on of *Pasteurella multocida* and temperature 844

C

Cacatua sulfurea (sulfur-crested cockatoo), hepatic trematodiasis in 788
cardiomyopathy, furazolidone-induced, in turkey poults
  biomedical model 120
  mitochondria and myofibrils 955
  production of 980
CELO, neutralizing antibodies to, in chicken egg albumen 890
chicks, effects of ingested lactobacilli 868
chicken anemia agent, effect of maternal antibody 197
clostridia, role in necrotic enteritis of chickens 324
coccidia, role in necrotic enteritis of chickens 324
coccidiosis
  epizootic, in lesser scaup (*Aythya affinis*) 1044
  sentinel birds to monitor in litter pens 435
  tiamulin vs. 241
cockatoo
  hepatic trematodiasis in 788
  Pacheco's parrot disease herpesvirus isolated 268
coryza, turkey (*see* turkey coryza)
corticosterone, plasma, in turkeys, *Pasteurella multocida*/temperature interactions on 833
Coturnix coturnix japonica, quail bronchitis in Singapore 520
cranes, inclusion body disease in 278
cryptosporidiosis, respiratory, in peacock chick 771

D

disease reports (regions combined) 532
ducks
  Aspergillus fumigatus antibody, serodiagnosis in migratory ducks 446
  botulism, experimental, in Pekin ducks 658
  erysipelas in White Pekin ducks 784
  fowl cholera in mallards, experimental, pathology of 403
  Rofenaid vs. *Pasteurella anatipestifer* and *Escherichia coli* in ducklings 302

E

editorial: origin of LaSota strain of Newcastle disease 297
eggs
  ochratoxin A, effects on production and shell staining 777
  production, Newcastle disease and hemagglutination-inhibition titers on 1060
  treatments, antibiotic dipping and/or injection vs. *Mycoplasma meleagridis* 48, 57
Eimeria acervulina, tiamulin vs. 241
Eimeria aythyae in lesser scaup 1044
Eimeria tenella, tiamulin vs. 241
encephalitis, verminous, in chickens, from roundworm of raccoons 498

encephalomyelitis, of pigeons (pigeon herpes)
growth in embryonated eggs 112
growth in tissues cultures 595
vaccination 1011
virulent and cell-culture-adapted virus 455
enzyme-linked immunosorbent assay, indirect, of antibodies to infectious bursal disease 375
erysipelas in domestic White Pekin ducks 784
Erysipelothrix insidiosa in White Pekin ducks 784
Escherichia coli
effect of ingested lactobacilli, in chicks 868
Rofenaid vs., in ducklings 302
vs. turkeys, characteristics 153
O78, in turkey immunization 808

F

feed additives, various, effect on immune response to *Pasteurella multocida* 481
"field rickets" in turkey poults 309
fowl cholera (see also *Pasteurella multocida*)
aerosol transmission 1007
environmental temperature effects on, in turkeys 816
experimental in mallards, pathology 403
fowlpox virus, in the Sudan 763
furazolidone-induced cardiomyopathy in turkey poults 120, 955, 980

G

goiter, in chickens, three goitrogenic treatments compared 916
goitrogenic treatments (*see* goiter)
Grus (*see* cranes)
guidelines for authors 295, 1067

H

hepatic trematodiasis, in cockatoos, *Platynosomum proxillicens* agent 788
herpes encephalomyelitis virus of pigeons (*see* encephalomyelitis)
herpesvirus
in inclusion body disease of cranes 278
in Pacheco's parrot disease 268
of turkeys, blocking immunofluorescence in titration 468
histomoniasis, atypical, in Bobwhite quail 510
History of avian medicine in USA; part 6, role of the extension veterinarian 6

I

immune response
antibiotic/vaccine interactions in 481
infectious bursal disease vaccination
chicks with maternal antibodies, effect in 179
Marek's disease interaction 896
immunity
in progeny of viral arthritis/tenosynovitis-immunized parents 648
non-specific cross-protective, avian retrovirus-induced 1027
immunosuppression
and active response, infectious bursal disease virus induced in chickens with passive antibodies 189
virus-mediated 580
inclusion body hepatitis
in cranes, herpesvirus isolated 278
serological identification of 16 adenoviruses, in Australia 998
infectious bronchitis
agar-gel precipitin test, infected allantoic fluid as antigen 463
in specific-pathogen-free chickens, quantitation of serum immunoglobulins 345
infectious bursal disease
attenuated cell-culture-adapted virus, specific-pathogen-free chickens 43
characterization 423
detecting, ELISA test 375
immune profile
peripheral blood T and B lymphocytes 715
pokeweed-mitogen-stimulated peripheral blood lymphocytes 734
interactions with chicken anemia agent 202
interaction with passive antibodies 189
mibolerone vs. 247, 334
modified live virus vaccine, detrimental effect, parentally immune broilers 1021
replication sites and persistence in specific-pathogen-free chickens 43
vs. Marek's disease antibody development 896
vs. turkey coryza vaccine 386
vaccine
effects in chicks with maternal antibodies 179
three evaluated 233
infectious laryngotracheitis virus, susceptibility, ducks 930

influenza, avian, in caged laying chickens 288
instructions for authors 295, 1067

L

lactobacilli, effect on *Salmonella infantis, Escherichia coli,* intestinal flora, pasted vents, and chick growth 868
LaSota (*see* Newcastle disease virus)
lead poisoning in ducks 169
lesser scaup, coccidiosis in 1044
leukemia, lymphoblastic (*see* lymphoblastic leukemia)
levamisole, augmenting response to fowl cholera vaccine 71
lymphoblastic leukemia, JMV cell line, growth and characterization of, and response of chickens 23
lymphocyte, virus inhibition of mitogenic stimulus 580
lymphoid leukosis in chickens
  tumor-cell cultivation 971
  virus shedding 474

M

Marek's disease
  cell-line from JMV-1 tumor, growth, characterization of, response to 23
  DNA synthesis 37
  immune response vs. infectious bursal disease 896
  transplantable tumor, development and characterization 358
  variants, pathogenicity in vaccinated and unvaccinated chickens 210
mibolerone vs. infectious bursal disease 247, 334
microtitration-plate holder 758
monensin, toxicity in chickens 1050
Mycoplasma gallisepticum
  microtitration complement-fixation test 317
  strains F and R, pathogenicity, in broilers 800
  vaccine evaluation, commercial broilers 879
Mycoplasma meleagridis, antibiotic treatments of eggs vs. 48, 57
Mycoplasma synoviae hemagglutinating antigens compared 637
mycoplasmas, relationship between two serotypes, serological and DNA-DNA hybridization tests 939
myocardial mitochondria, furazolidone-induced, in turkey poults 955
myopathy, deep pectoral, in broilers 1054

N

necrotic enteritis of chickens, role of coccidia 324
necrotizing cutaneous rhodotorulosis, in chickens in Uganda 1038
neutralizing antibodies to CELO and avian adenovirus-associated viruses 890
Newcastle disease
  effect on egg production 1060
  isolation, egg-bit technique vs. embryonated egg 486
  LaSota strain, origin 297
  RNA oligonucleotide fingerprinting, strain identification 1016
  social stress, effect on infection (LaSota) 908
  vaccines evaluated, oil-emulsion 99
viscerotropic velogenic, pigeons 257

O

ochratoxin A, effects on egg production, egg-shell stains and serum uric-acid levels, Leghorn-type chickens 777

P

Pacheco's parrot disease, in a cockatoo, herpesvirus isolated 268
parakeets, new viral respiratory infection 781
paramyxoviruses characterized 139
Pasteurella anatipestifer, Rofenaid vs., in ducklings 302
Pasteurella haemolytica in fowl respiratory tract 162
Pasteurella multocida
  accidental penetration of hands, effects 1064
  aerosol transmission, turkeys 1007
  and associated antigens, chemotaxis of fowl monocytes 641
  avian cholera ducks, pathology 403
  avirulent, response of broilers to and feed additives 481
    parenteral administration 743
  interaction with temperatures, in turkeys
    effects on adrenals and bursa of Fabricius 844
    plasma corticosterone concentrations 833
  vaccine-antibiotic interactions in immune response in turkey 481
  with levamisole, vs. fowl cholera 71
peacock, respiratory cryptosporidiosis 771
pigeon, Newcastle disease, viscerotropic velogenic 257

pigeon herpes encephalomyelitis (*see* encephalomyelitis, of pigeons)
P. P. Levine Award, 1979 798
P. Philip Levine Tribute 1
Platynosomum proxillicens in fatal hepatic trematodiasis in cockatoos 788

Q

quail, Bobwhite, histomoniasis in 510
quail bronchitis in *Coturnix coturnix japonica*, in Singapore 520

R

RBC antigens, stress vs. antibody response 569
regional disease reports (combined) 532
reovirus, turkey, pathogenicity for chickens 989
Research Paper Award (now P. P. Levine Award) 798
respiratory cryptosporidiosis (*see* cryptosporidiosis)
respiratory infection, new viral, in parakeets 781
retroviruses, avian immunities induced by 1027
rhinotracheitis, turkey *(see* turkey coryza)
rhodotorulosis, necrotizing cutaneous, in chickens in Uganda 1038
RNA oligonucleotide fingerprinting, to identify Newcastle disease strains 1016
Rofenaid vs. *Escherichia coli* and *Pasteurella anatipestifer* in ducklings 302
round-heart disease (*see* cardiomyopathy)
roundworm of raccoons, causing verminous encephalitis in chickens 498

S

Salmonella, dissemination in broiler operations 616
Salmonella infantis, ingested lactobacilli in chicks, effect 868
Salmonella typhimurium, competitive exclusion vs., broilers 604
stress, environmental effect on chickens 569

T

tenosynovitis (*see* viral arthritis/tenosynovitis)
tests
  agar-gel precipitin for infectious bronchitis 463
  ELISA for infectious bursal disease 375
  microagglutination for *Alcaligenes faecalis* antibodies 685
  microculture neutralization, simple 284
  microtitration, complement-fixation, for mycoplasma gallisepticum 317
tiamulin vs. *Escherichia acervulina* and *E. tenella* 241
tibial dyschondroplasia, in broilers
  environmental effects on incidence 625
  intermittent 517
transplantable tumor, Marek's disease 358
turkeys
  effects of environmental temperature and *Pasteurella multocida* on:
    adrenals and bursa of Fabricius 844
    fowl cholera 816
    plasma corticosterone 833
  Escherichia coli, ten strains, virulence characterized 153
  E. coli O78, immunization vs. 808
  "field rickets" in poults 309
turkey coryza (rhinotracheitis)
  Alcaligenes faecalis mutants 726
  altered immune function in poults 702
  convalescent serum and infectious bursal disease vaccine vs. 386
  properties of causal agent 82
turkey herpesvirus (*see* herpesvirus)
turkey reovirus, pathogenicity for chickens 989
turkey rhinotracheitis (*see* turkey coryza)

U

Upjohn Achievement Award, 1980 797

V

vaccine/antibiotic interactions, in immune response 481
verminous encephalitis, in chickens, from roundworm of raccoons 498
viral arthritis/tenosynovitis
  immunity and cross immunity in progeny 648
  vaccination of breeder chickens 493
viral encephalomyelitis (*see* encephalomyelitis)
viral respiratory infection, new, in parakeets 781
virus-mediated immunosuppression 580
